Pipers Fall to Ballinger Friday

The Pied Pipers stayed within striking distance of the Ballinger Bearcats for three quarters Friday night before dropping their first conference game, 27-6. The Pipers stopped the Bearcats twice inside their four before finally giving up a touchdown midway in the second period.

Halfway through the third period the Bearcats scored again, this time on an intercepted pass that they returned 30 yards for the score. Ballinger hit again late in the same period on a 44 yard pass play.

The Pipers got on the scoreboard during the middle of the fourth period when James Ledbetter scored on a 44 yard pass and run play. Ballinger came back two plays later with a 71 yard touchdown play by Fullback Milford Wiley that closed out the scoring for the night.

The Piper defense unit played an outstanding game in controlling the Number One team in the area most of the night and setting them back for loss yardage 10 times.

Ballinger took the opening kickoff and returned it to their own 40 from where they picked up a first down in three plays at the Hamlin 48. Two passes fell incomplete and they quick kicked out to the Hamlin nine.

Tommy Ferguson passed to Ledbetter on the first play and he in turn lateraled back to Danny Warner who raced 41 yards to the 50. A four yard loss and an incomplete pass brought on a quick kick on

their third down Ballinger taking over on their 25.

Ballinger lost five yards in three plays and punted out to the Hamlin 43. Prince intercepted a third down pass by Ferguson and returned it to the Hamlin 43. Prince carried for 24 yards to the 19 and Ballinger picked up another first at the eight. Four plays later Hamlin took over on their two yard line.

Ferguson tried the middle for no gain and Warner quick kicked out to the Hamlin 34. Ballinger drove back down to the six where on fourth down they tried a field goal that was no good but Hamlin was offside and the Piper defenses held again with Hamlin taking over on the four.

Warner quick kicked again and Ballinger took over at the Hamlin 39. Five plays later they won a first down on the Hamlin 14. They carried to the 12 and then Hamlin drew a six yard penalty to the

six. Quarterback Selby hit End Hallmark with a jump pass for the score. Johnny Keel kicked the point after. With six minutes left in the half Hamlin started a drive from their own 31 that moved to the Ballinger 31 in seven plays with Warner carrying and Ferguson passing. But from this point the drive stalled and Ballinger took over on their 38 to run out the clock.

Operating from their own 28 the Pipers could gain only three yards in their first series after the half and punted out to the Ballinger 27. The Bearcats gained a first down at the 38 and then lost five and quick kicked out to the Hamlin 28. Hamlin could not go and punted out to their own 49.

Ballinger quick kicked on third down again with Hamlin taking over on the 21. On second down Charlie Simpson intercepted a Ferguson pass and ran 30 yards into the end zone with Keel kicking the point after to the Bearcats out in front, 14-0.

Following the kick off Ferguson connected with Ledbetter for a 12 yard gain to the 47 and then Ferguson gained nine to the 44 before Ballinger recovered a fumble in the Hamlin Backfield on the 49. Wiley gained five and Keel passed to Prince for a 44 yard pass and run play for the score. The extra point pass try failed and the score was 20-0.

Hamlin fumbled the on-side

kick off and Ballinger took over on the Hamlin 36. After gaining a first down on the 26 Ballinger was thrown back to the 28 and quick kicked on third down to the 19.

Ballinger intercepted another Piper pass to take over again at the 29. The Piper defense got tough again and Hamlin had the ball again on their 36.

Ferguson threw an incomplete pass, carried for three and then passed to Ledbetter, who lateraled to Warner for a 30 yard gain to the Ballinger 31. Ferguson was thrown for an eight yard loss and drew a five yard penalty to put the ball back on the 44. Another fell incomplete and then Ferguson passed deep with Ledbetter beating out two defenders and going in for the score. Moore's kick was no good.

On the second play follow-

ing the kick off, Wiley broke over his right tackle and raced 71 yards to pay dirt to put the game on ice for the Bearcats. Keel Kicked the point after. Hamlin moved the ball from the 31 to the 48 before giving up the ball on downs with most of the yardage coming on passes. Bellinger ran out the clock in six plays.

FAIRVIEW NEWS

By Mrs. Elmer Joiner
In the past week we have had a nice rain, which fell very gently, all of it going into the ground, summer returned for a few days, then this Monday morning we have a new norther which we hope will stay cool. Summer weather in the day time, with cool nights, always brings colds, so it is better for it to stay cool all time.

Mr. Flavil Holmes entered the hospital last Thursday, in Hamlin. He has a clinic heart condition which acted up, requiring some hospital rest and care. At this time it is not known how long he will have to be in the hospital as he is having quite a bit of pain.

Little Keenan Wright came over last weekend, had his tonsils removed Saturday morning, went home Sunday, so he made it fine after so long to get him in shape to take them out.

Jimmy Wainseott left last Tuesday, after a month's stay Tuesday, after a month's stay ped overseas. He will be stationed in Hawaii with the U. S. Air Force.

Mr. and Mrs. Jimmy Holmes and Melody, were weekend visitors of his parents, the Favil Holmes. They live in Big Spring, where Jimmy is teaching.

Mr. and Mrs. Winson Gray made an extended visit with relatives last week from Wednesday until Saturday. First they went to Winnsboro, where they visited with her mother, Mr. and Mrs. Gene Broadstreet. Returning home by way of Alvarado, they visited his sister, Mr. and Mrs. Aubrey Skipper.

We have told you time after time that we are a small church with a small attendance, but we didn't realize how informal we had become until Sunday morning Mrs. Henry came in wearing a new hat, which looked very smart on her, but little Kimmie Leverett thought it a joke for she whispered to the lady sitting by her, "Mrs. Henry has on a hat", thinking it to be very funny. There are hats worn every Sunday, but it was a good laugh for all of us the way Kimmie said it.

Mr. and Mrs. Joe Ford and Mrs. Woodrow Goodwin, Mrs. Winson Gray were visitors of Mr. and Mrs. Henry, Monday afternoon. They all went over to see why they were absent on Sunday, thinking one of them was sick. Instead, they had taken off to Elgin to visit with their son, Mr. and Mrs. W. C. Henry and family.

Last Wednesday Mr. and Mrs. Joe Ford and son, H. L., went to Lamesa to see their oldest son, Mr. and Mrs. Eudell Ford.

We have reported at different times about various animal visitors wasps, etc., but it seems that the Sunday that I was gone, a little mouse came to church. He started up one side and gradually worked his way to the front, pausing to play around the piano while Mrs. Leverett was playing for the singing. That was one time she didn't have to use the foot pedal, for she played with her feet propped up. She was braver than most women to have remained seated that close to one, but to make a long story short, he worked himself down the other side during preaching services, but not far enough, for some of the men found him and killed him after dismissal. It seems that one little mouse cavorting around can be a strong rival of the pastor, while he is delivering his sermon.

We went to San Antonio last week, as we had planned, where our brother, Sonny Joiner, had surgery Tuesday Morning, in the Baptist Memorial Hospital, in that city. He went through the surgery fine, it lasting two hours, being more serious than he had anticipated. It seems that his doctor had told him it wouldn't amount to much, so he expected to be home in at least three days, but he was in the intensive care ward that long. He was assigned to a room Friday and able to be up and walk some, so he is recovering nicely from the hernia in his diaphragm operation.

After we learned that we would have to go right down town, in San Antonio, to the hospital, we wondered how we could make it, but can report that we never did get

lost. Monday morning before he entered the hospital, Sonny took us all over the route twice, to show us the way, so we learned just where to turn so we made it all week without getting lost one time. Now just what was on that route was all of the city that we saw, even though we wanted to shop some, after we got on our own we didn't dare try to go anywhere else. There was a Sears store just across the street from the hospital, so my sister-in-law, Mrs. Henry Kee and I looked at every thing they had several times, since it was the only store we could walk to.

One thing we saw in the hospital, in San Antonio, that we had never seen before, was a lot of Gypsies. It seems that one of the important men of their tribe had gall bladder surgery, about Thursday, and the paper said that they were arriving from every where by bus, car, plane, to see him. It seems that they just about covered up the hospital at first, by the time we saw them Friday they were thinned down to about eight or ten at a time. They spoke some English, but most of them were speaking their language. Since their ways are so different from ours they seemed to be creating quite a problem in the hospital, however they are certainly loyal to one of their clan.

Hamlin Youth Elected Officers

Cisco, -- Two Cisco Junior College students from Hamlin were recently elected class presidents at CJC.

Larry Butler, son of C. E. Butler, 612 N. W. Ave. H., was elected president of the sophomore class. Robert W. Pearce, son of Mr. and Mrs. Charles E. Pearce, 606 N. W. Ave. H., was chosen freshman president.

Both students are graduates of Hamlin High School. Pearce is a halfback for the CJC Wranglers football team.

Mr. and Mrs. Charles Absher and daughters, Lisa Joe and Pamela Ann, spent Saturday at the State Fair at Dallas and Sunday visiting Mrs. Absher's cousins, Mr. and Mrs. David Bunting and Mr. and Mrs. Calvin Pigg of Richardson, Texas.

At least 21 Texas streams are known as Mill Creek.

HUSTLE AND BUSTLE

The big city throbs with business life, heavy traffic, and the comings and goings and doings of many people. Whether you live in the city or you just come to town occasionally from the small town or farm, you have experienced this hustle and bustle. It reminds you that all life sometimes gets too hurried, too frantic with all we must do. We need a time to stop and somewhere to go to find peace and respite from all this. Have you thought of trying God? Job 22:21 says, "Acquaint now thyself with God and be at peace."

How sweet it is to be in God's house, to feel close to Him, to listen to His word. Tension leaves. Peace of soul arrives. Won't you attend God's house this week and see what he can do for you?

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

Introducing the tuned car. 1966 Buick.

What makes a car a car is styling, performance, ride and handling. Only when they're all tuned together is the car a Buick. Like this 1966 Riviera Gran Sport.

You know how well your car's engine runs after a tuneup? Buick tuning has the same effect on the whole car. Not just the engine. The whole Buick. Everything blends with everything else. Styling. Performance. Ride. Handling. All tuned to work together in harmony. That's what the tuned car is. A Buick. Only Buick is the tuned car. (And every Buick is the tuned car.) What the tuned car is is a masterful blending of all the things that make a great car greater. The Riviera for 1966 is the tuned car. It features six-passenger seating, disappearing headlights, a silently efficient new ventila-

ting system and the kind of roadworthiness you'd expect in a car that costs twice as much. (You can get a Riviera for your desk as well as your garage. Send \$1 in check or money order to Riviera, P.O. Box 68, Troy, Mich., for an accurate 1/25 scale model '66 Riviera.) But Riviera's not the only tuned car. Le Sabre is, too. And Wildcat. Electra 225. Special. Skylark. Sportwagon. See them all at your Buick dealer's. The tuned car may not mean much to you now. But then you haven't had a chance to drive one yet.

Wouldn't you really rather have a Buick?

There's an authorized Buick dealer near you. See his Double-Checked used cars, too.

Uncommonly good cooks use clean, modern gas

Why does gas cook cleaner? When you turn off a gas range it's off. Cooking stops. There's no hangover heat to cause scorching, burning and boilovers. Broiling is cleaner, too. Because you can keep the broiler door closed. The flame consumes the smoke. And with a gas range, all burner parts can be washed easily. Even the oven and broiler doors come off on many models. Uncommonly good suggestion: see the modern gas ranges now on sale at your favorite Gas Appliance Dealers—or Lone Star Gas.

At the close of the first six weeks of school, Superintendent of Schools, C. F. Cook, expressed his thanks and appreciation to everyone in the local school district for their cooperation and help given the administration and teachers this year. Cook also said that there has been a change in the compulsory school attendance law and now a child must attend school 165 days out of 180 rather than 120 days as in the past. Cook said that regular attendance is a principle

Pipers Fall to Ballinger Friday

The Pied Pipers stayed within striking distance of the Ballinger Bearcats for three quarters Friday night before dropping their first conference game, 27-6. The Pipers stopped the Bearcats twice inside their four before finally giving up a touchdown midway in the second period.

Halfway through the third period the Bearcats scored again, this time on an intercepted pass that they returned 30 yards for the score. Ballinger hit again late in the same period on a 44 yard pass play.

The Pipers got on the scoreboard during the middle of the fourth period when James Ledbetter scored on a 44 yard pass and run play. Ballinger came back two plays later with a 71 yard touchdown play by Fullback Milford Wiley that closed out the scoring for the night.

The Piper defense unit played an outstanding game in controlling the Number One team in the area most of the night and setting them back for loss yardage 10 times.

Ballinger took the opening kickoff and returned it to their own 40 from where they picked up a first down in three plays at the Hamlin 48. Two passes fell incomplete and they quick kicked out to the Hamlin nine.

Tommy Ferguson passed to Ledbetter on the first play and he in turn lateraled back to Danny Warner who raced 41 yards to the 50. A four yard loss and an incomplete pass brought on a quick kick on

their third down Ballinger taking over on their 25.

Ballinger lost five yards in three plays and punted out to the Hamlin 43. Prince intercepted a third down pass by Ferguson and returned it to the Hamlin 43. Prince carried for 24 yards to the 19 and Ballinger picked up another first at the eight. Four plays later Hamlin took over on their two yard line.

Ferguson tried the middle for no gain and Warner quick kicked out to the Hamlin 34. Ballinger drove back down to the six where on fourth down they tried a field goal that was no good but Hamlin was offside and the Piper defenses held again with Hamlin taking over on the four.

Warner quick kicked again and Ballinger took over at the Hamlin 39. Five plays later they won a first down on the Hamlin 14. They carried to the 12 and then Hamlin drew a six yard penalty to the

six. Quarterback Selby hit End Hallmark with a jump pass for the score. Johnny Keel kicked the point after. With six minutes left in the half Hamlin started a drive from their own 31 that moved to the Ballinger 31 in seven plays with Warner carrying and Ferguson passing. But from this point the drive stalled and Ballinger took over on their 38 to run out the clock.

Operating from their own 28 the Pipers could gain only three yards in their first series after the half and punted out to the Ballinger 27. The Bearcats gained a first down at the 38 and then lost five and quick kicked out to the Hamlin 28. Hamlin could not go and punted out to their own 49.

Ballinger quick kicked on third down again with Hamlin taking over on the 21. On second down Charlie Simpson intercepted a Ferguson pass and ran 30 yards into the end zone with Keel kicking the point after to the Bearcats out in front, 14-0.

Following the kick off Ferguson connected with Ledbetter for a 12 yard gain to the 47 and then Ferguson gained nine to the 44 before Ballinger recovered a fumble in the Hamlin Backfield on the 49. Wiley gained five and Keel passed to Prince for a 44 yard pass and run play for the score. The extra point pass try failed and the score was 20-0.

Hamlin fumbled the on-side

kick off and Ballinger took over on the Hamlin 36. After gaining a first down on the 26 Ballinger was thrown back to the 28 and quick kicked on third down to the 19.

Ballinger intercepted another Piper pass to take over again at the 29. The Piper defense got tough again and Hamlin had the ball again on their 36.

Ferguson threw an incomplete pass, carried for three and then passed to Ledbetter, who lateraled to Warner for a 30 yard gain to the Ballinger 31. Ferguson was thrown for an eight yard loss and drew a five yard penalty to put the ball back on the 44. Another fell incomplete and then Ferguson passed deep with Ledbetter beating out two defenders and going in for the score. Moore's kick was no good.

On the second play follow-

ing the kick off, Wiley broke over his right tackle and raced 71 yards to pay dirt to put the game on ice for the Bearcats. Keel Kicked the point after. Hamlin moved the ball from the 31 to the 48 before giving up the ball on downs with most of the yardage coming on passes. Bellinger ran out the clock in six plays.

FAIRVIEW NEWS

By Mrs. Elmer Joiner

In the past week we have had a nice rain, which fell very gently, all of it going into the ground, summer returned for a few days, then this Monday morning we have a new norther which we hope will stay cool. Summer weather in the day time, with cool nights, always brings colds, so it is better for it to stay cool all time.

Mr. Flavil Holmes entered the hospital last Thursday, in Hamlin. He has a chronic heart condition which acted up, requiring some hospital rest and care. At this time it is not known how long he will have to be in the hospital as he is having quite a bit of pain.

Little Keenan Wright came over last weekend, had his tonsils removed Saturday morning, went home Sunday, so he made it fine after so long to get him in shape to take them out.

Jimmy Waincott left last Tuesday, after a month's stay Tuesday, after a month's stay ped overseas. He will be stationed in Hawaii with the U. S. Air Force.

Mr. and Mrs. Jimmy Holmes and Melody, were weekend visitors of his parents, the Favil Holmes. They live in Big Spring, where Jimmy is teaching.

Mr. and Mrs. Winson Gray made an extended visit with relatives last week from Wednesday until Saturday. First they went to Winnsboro, where they visited with her mother, Mr. and Mrs. Gene Broadstreet. Returning home by way of Alvarado, they visited his sister, Mr. and Mrs. Aubrey Skipper.

We have told you time after time that we are a small church with a small attendance, but we didn't realize how informal we had become until Sunday morning Mrs. Henry came in wearing a new hat, which looked very smart on her, but little Kimmie Leverett thought it a joke for she whispered to the lady sitting by her, "Mrs. Henry has on a hat", thinking it to be very funny. There are hats worn every Sunday, but it was a good laugh for all of us the way Kimmie said it.

Mr. and Mrs. Joe Ford and Mrs. Woodrow Goodwin, Mrs. Winson Gray were visitors of Mr. and Mrs. Henry, Monday afternoon. They all went over to see why they were absent on Sunday, thinking one of them was sick. Instead, they had taken off to Elgin to visit with their son, Mr. and Mrs. W. C. Henry and family.

Last Wednesday Mr. and Mrs. Joe Ford and son, H. L., went to Lamesa to see their oldest son, Mr. and Mrs. Eudell Ford.

We have reported at different times about various animal visitors wasps, etc., but it seems that the Sunday that I was gone, a little mouse came to church. He started up one side and gradually worked his way to the front, pausing to play around the piano while Mrs. Leverett was playing for the singing. That was one time she didn't have to use the foot pedal, for she played with her feet propped up. She was braver than most women to have remained seated that close to one, but to make a long story short, he worked himself down the other side during preaching services, but not far enough, for some of the men found him and killed him after dismissal. It seems that one little mouse cavorting around can be a strong rival of the pastor, while he is delivering his sermon.

We went to San Antonio last week, as we had planned, where our brother, Sonny Joiner, had surgery Tuesday Morning, in the Baptist Memorial Hospital, in that city. He went through the surgery fine, it lasting two hours, being more serious than he had anticipated. It seems that his doctor had told him it wouldn't amount to much, so he expected to be home in at least three days, but he was in the intensive care ward that long. He was assigned to a room Friday and able to be up and walk some, so he is recovering nicely from the hernia in his diaphragm operation.

After we learned that we would have to go right down town, in San Antonio, to the hospital, we wondered how we could make it, but can report that we never did get lost. Monday morning before he entered the hospital, Sonny took us all over the route twice, to show us the way, so we learned just where to turn so we made it all week without getting lost one time. Now just what was on that route was all of the city that we saw even though we wanted to shop some, after we got on our own we didn't dare try to go anywhere else. There was a Sears store just across the street from the hospital, so my sister-in-law, Mrs. Henry Kee and I looked at every thing they had several times, since it was the only store we could walk to.

One thing we saw in the hospital, in San Antonio, that we had never seen before, was a lot of Gypsies. It seems that one of the important men of their tribe had gall bladder surgery, about Thursday, and the paper said that they were arriving from every where by bus, car, plane, to see him. It seems that they just about covered up the hospital at first, by the time we saw them Friday they were thinned down to about eight or ten at a time. They spoke some English, but most of them were speaking their language. Since their ways are so different from ours they seemed to be creating quite a problem in the hospital, however they are certainly loyal to one of their clan.

Hamlin Youth Elected Officers

Cisco -- Two Cisco Junior College students from Hamlin were recently elected class presidents at CJC.

Larry Butler, son of C. E. Butler, 612 N. W. Ave. H., was elected president of the sophomore class. Robert W. Pearce, son of Mr. and Mrs. Charles E. Pearce, 606 N. W. Ave. H., was chosen freshman president.

Both students are graduates of Hamlin High School. Pearce is a halfback for the CJC Wranglers football team.

Mr. and Mrs. Charles Absher and daughters, Lisa Joe and Pamela Ann, spent Saturday at the State Fair at Dallas and Sunday visiting Mrs. Absher's cousins, Mr. and Mrs. David Bunting and Mr. and Mrs. Calvin Pigg of Richardson, Texas.

At least 21 Texas streams are known as Mill Creek.

HUSTLE AND BUSTLE

The big city throbs with business life, heavy traffic, and the comings and goings and doings of many people. Whether you live in the city or you just come to town occasionally from the small town or farm, you have experienced this hustle and bustle. It reminds you that all life sometimes gets too hurried, too frantic with all we must do. We need a time to stop and somewhere to go to find peace and respite from all this. Have you thought of trying God? Job 22:21 says, "Acquaint now thyself with God and be at peace."

How sweet it is to be in God's house, to feel close to Him, to listen to His word. Tension leaves. Peace of soul arrives. Won't you attend God's house this week and see what he can do for you?

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny, the truth which alone will set him free to live as a child of God.

Introducing the tuned car. 1966 Buick.

What makes a car a car is styling, performance, ride and handling. Only when they're all tuned together is the car a Buick. Like this 1966 Riviera Gran Sport.

You know how well your car's engine runs after a tuneup? Buick tuning has the same effect on the whole car. Not just the engine. The whole Buick. Everything blends with everything else. Styling. Performance. Ride. Handling. All tuned to work together in harmony. That's what the tuned car is. A Buick. Only Buick is the tuned car. (And every Buick is the tuned car.) What the tuned car is is a masterful blending of all the things that make a great car greater. The Riviera for 1966 is the tuned car. It features six-passenger seating, disappearing headlights, a silently efficient new ventilation system and the kind of roadworthiness you'd expect in a car that costs twice as much. (You can get a Riviera for your desk as well as your garage. Send \$1 in check or money order to Riviera, P.O. Box 68, Troy, Mich., for an accurate 1/25 scale model '66 Riviera.) But Riviera's not the only tuned car. LeSabre is, too. And Wildcat. Electra 225. Special. Skylark. Sportwagon. See them all at your Buick dealer's. The tuned car may not mean much to you now. But then you haven't had a chance to drive one yet.

Wouldn't you really rather have a Buick?

There's an authorized Buick dealer near you. See his Double-Checked used cars, too.

Uncommonly good cooks use clean, modern gas

Why does gas cook cleaner? When you turn off a gas range it's off. Cooking stops. There's no hangover heat to cause scorching, burning and boilovers. Broiling is cleaner, too. Because you can keep the broiler door closed. The flame consumes the smoke. And with a gas range, all burner parts can be washed easily. Even the oven and broiler doors come off on many models. Uncommonly good suggestion: see the modern gas ranges now on sale at your favorite Gas Appliance Dealers—or Lone Star Gas.

Supl. Cook Expresses Thanks To Public In Getting Term Started

At the close of the first six weeks of school, Superintendent of Schools, C. F. Cook, expressed his thanks and appreciation to everyone in the local school district for their cooperation and help given the administration and teachers this year. He stated that this was especially true in regard to the integration of our schools.

"The students, parents and citizens of the Hamlin community are to be congratulated for their cooperation and unselfishness. This has shown the type of people we have in Hamlin," Cook said.

He added that, "opening of school is sometimes very difficult, with schedule making, so that children may take courses they desire and participate in other school activities, bus routes changes and many other problems. With all these there could be conflicts, everyone has been most tolerant. The Hamlin school enrollment is about the same this year as last."

Cook also said that there has been a change in the compulsory school attendance law and now a child must attend school 165 days out of 180 rather than 120 days as in the past. Cook said that regular attendance is a principle factor in the education of our youth.
